

# Delaware CreatiVeterans

Creativity, Connection, Growth

**Are you a veteran looking for a new way to express yourself? The Delaware CreatiVeterans program is here to offer you a creative outlet in a supportive, inclusive environment.**

This FREE program, in partnership with the **Delaware Division of the Arts** and the **Office of Veterans Services** is designed specifically for veterans like you. Whether you're new to the arts or an experienced artist, this is a chance to explore different forms of expression while building connections with others who understand your journey.

## The Power of Visual Creativity

Taught by Barbara Calkins

Drawing inspiration from iconic artists and our own lives, this class explores a wide range of materials—from paint and paper to graphic images, natural objects, and upcycled items. Participants will tap into their creative power, strengthen skills, and learn more about their personal creative process while building community with fellow Veterans. Open to all levels, classes include material introductions, demonstrations, one-on-one and group guidance, journal prompts, and guided meditations to help you discover your own creative voice. The workshop series will culminate with a celebratory event featuring the participants' artwork. **No previous experience is necessary.**
